Exhibits in the Capitol and Extension must adhere to the State Preservation Board’s policy and 13 Texas Administrative Code § 111.13- Exhibits must have a public purpose, -and cannot promote a specific viewpoint or issue and could be considered lobbying. By sponsoring an exhibit, a State Official Sponsor is responsible for determining that the exhibit meets all criteria in the State Preservation Board’s Policy and 13 Texas Administrative Code § 111.13 and is appropriate for adoption as government speech. The final decision regarding the exhibit’s suitability for display will be made by the State Preservation Board.

I have reviewed the application for the exhibit identified above and, in my judgment, the exhibit meets all criteria in the State Preservation Board’s policy and is suitable for **adoption as government speech**:
