## Motorized Scooter Policy

### Policy

Motorized scooters, excluding Americans with Disabilities Act (ADA) approved devices, will no longer be allowed to operate within the Capitol Grounds effective December 31, 2018. After that date, the Department of Public Safety is directed to interdict any persons riding motorized scooters anywhere on the Capitol Grounds and direct them off of the grounds by the shortest route possible. Notices prohibiting motorized scooters will be posted by the driveways and sidewalks leading onto the property.

The [Texas Government Code, Title 4, Subtitle D, Chapter 443.018](#) instructs the agency to promulgate rules that regulate the actions of visitors in the Capitol or on its grounds. Specifically listed is the need for rules that prohibit actions that pose a risk to safety.
