

State Preservation Board

Public Restroom Policy

Purpose

The purpose of this policy is to establish clear guidelines for the use of public restrooms in accordance with our commitment to maintain a respectful environment to ensure privacy, safety, and compliance with building standards.

Policy

The State Preservation Board maintains public restrooms for visitors, state officials, and employees. All restrooms are clearly designated as "Men's," "Women's," or "Family Care." An individual is expected to use the appropriate restroom corresponding with his or her biological sex. All restrooms are Americans with Disabilities Act compliant and adhere to accessibility standards for individuals with disabilities.

This policy will be periodically reviewed, as necessary.
